## Discussion:

Steve Mountain from Mountain Engineering gave an overview of the project. Project will be done in phases. If project with Bethany moves forward that would lower the costs per resident.

Floor was opened up for public comment.

Several residents asked questions regarding availability of water, projected cost per resident, where the water comes from and how long will the project take, what if you don't want to hook up?

On motion by Councilperson Merrill and seconded by Councilperson Wagner and carried the Public Hearing for forming Water District #7 was closed at 7:09 pm.
