RE: Water District No. 7, Phase 1A — Bidding Update
Notice to Phase 1A Residents

Dear Residents:

The Town of Alexander recently advertised Phase 1A of the Water District No. 7 project for bids. The bidding period is expected to remain open for approximately four weeks. Phase 1A includes approximately 33,000 feet of 8-inch and 12-inch water main along Route 98, U.S. Route 20, Molasses Hill Road, and Dry Bridge Road. Although current bidding conditions may not produce the most favorable pricing, the Town determined that this is an appropriate time to solicit bids because contractors are currently available due to the nearby Bethany project. If bids are at or below the project budget and the Town awards the contract, residents in the Phase 1A project area will receive another informational letter outlining the anticipated construction sequence, project schedule, and water service installation details.

Please visit the Town's website for future updates on the Water District's progress.

Sincerely,

Joan Parrish
Town Supervisor
